

Clarifications on the Quarries raised by QCI on the RFQ and ToR for Technical and Economic appraisal of DPR

S. No.	Page No and Clause no as per tender document	Complete clause	Doubt	Clarification
1	Page 5: 2 Instruction to applications: 2.1.6 key Personnel	He/She should hold the post of Associate Professor/Professor/ Superintending Engineer in the respective fields.	1- Need clarification regarding designation of officials as we have officers with different designations but equivalent to Associate Professor/Professor. Are these officers eligible for the work assigned. Kindly elaborate on the minimum experience of resources required.	Claus 2.1.6 (ii) read as: He/She should hold the post of Associate Professor/Professor/ Superintending Engineer or equivalent post in the respective fields and having at least 05-year experience.
2	Page 29: Appendix1: Page 1:1 Scope	To provide a clear evaluation with recommendation in respect of works mentioned in the project towards need, objectives, technology, design parameters, correctness of specification, time frame for implementation, bill of quantity, cost estimates, financial suitability and environmental & social issues. In case of any deficiencies and over estimates, the TPA shall suggest remedial measures	1- The authority is kindly requested to specify the bidding agency's role as the scope of services asked in the RFQ matches with the of PMU/PMC also. 2- The authority is kindly requested to elaborate in detail the specific scope of work and their respective assessment parameters specifically on environmental and social issues.	The role of TPA is limited to the Technical and Economic Appraisal of DPR & relevant drawings only.

3	Page 31: Appendix1: Schedule B: 5 Site Visits	TPA Shall make site visits for appraisal of the project, after due approval from the Planning Department, the TPA will have to make necessary arrangements for site visits in consultation with the IAs including travel and stay arrangements. Travel cost will be extra on actual basis, as per entitlement of the TPA in her/his organization, subject to a ceiling of entitlement of chief engineer of the site govt. The travel cost will be for a maximum of two persons and for at the most 2 visits per project.	1- The authority is requested to elaborate the schedule of site visit in accordance with the project cost and duration of the project.	Normally no site visit is required for appraisal of the project. In special circumstances the site visits of TPA (if required) will be for verification of project site & drawings only.
4	Page 4:1.6 Schedule of selection process	Pre-Bid Queries: 02/06/2023	1- The authority is requested to describe the mode and time of discussion of queries.	No Pre-Bid meeting is being held, however clarification on Pre-Bid Queries submitted by any Bidder will be sent to the concern by e-mail and also uploaded on the website.
5	Page 6 :2.2 Pre- Qualification Criteria	The applicant shall consist of key personal having requisite qualification and adequate experience in the respective field of infrastructure.	<p>1- The authority is requested to elaborate the experience details of key personnel requirement for the project.</p> <p>1- The authority is requested to explain in detail how the bidding agency will determine its eligibility for empanelment in the domains listed in the RFQ</p>	The detail qualification criteria and minimum condition of eligibility has been described in point 2.2 of RFQ.
